

SELLER UPDATE

AURORA

Your safety is our top priority! For our upcoming sale we will follow current COVID-19 local health and government guidelines and adjust our procedures as needed to hold our sale in a way that is safe, spacious and sanitized. We also realize we may be required to adjust the dates of our sale to be in line with current local regulations, so we thank you for your flexibility and patience as we navigate this time together.

PREPARING YOUR ITEMS

Please tag and prepare all of your items for the sale now. Pack them into boxes, bags, or bins, so they are ready for Consignor Drop Off. If possible, we ask that you do your best to have all items tagged and packed for drop off THREE DAYS before your scheduled Drop Off Day/Time.

DROP OFF

For your safety and the safety of all Sellers, we are making several changes to our Consignor Drop Off experience:

- All Sellers will schedule a specific day and time for dropping off their items. This ensures smaller numbers of people inside the building at any one time.
- All Sellers and Helpers will be asked to wear a mask while in the building during Drop Off in accordance with local health mandates.
- Please do not bring children to drop off if at all possible. Infants worn or in strollers (covered in both cases) are okay. If you will have your child/children, they must wear a mask and be with you at ALL times.
- Contact-free inspection will require you to leave your items at the inspection station while you place your other items onto the sales floor.
- All waiting lines (which we are doing our best to avoid) will maintain 6 feet of space between people.
- Drop Zones for non-clothing items will be used when possible to make your drop off process quick and easy.
- Sanitizing wipes will be available for rolling racks and push carts.
- Additional Express Drop Off appointments are available for those who feel more comfortable with a "drop & go" service.

HELPING AT THE SALE

All Helpers and Staff will be asked to wear a mask in accordance with local health mandates during all phases of our sale: set up, drop off, sale time, sorting, pick up, and tear down. This is the only way for us to operate in the safest way possible so we can bring this much-needed resource to local families during this time. A mask will be provided for you if you do not bring one.

PRESALE SHOPPING

Several changes will be implemented in order to have the safest sale possible:

- In order to maintain lower numbers of people in the building, we will be scheduling smaller numbers of Presale Shoppers over a longer period of time.
- We are asking that all shoppers wear a mask in accordance with local health mandates. For their safety, we ask that you please do not bring children with you to the sale if at all possible. Infants worn or in strollers (covered in both cases, equal to the baby wearing a mask) are okay. We will have our family shopping time during the presale, however we will be limiting numbers of people in the building - please understand that there may be a wait to enter with larger parties.
- Blue IKEA bags will be sanitized between uses. Please bring a wagon or shopping bag!
- Checkout stations will be maximized to minimize waiting lines. Waiting lines will maintain 6 feet of space between customers.
- Checkout stations will be spaced more than 6 feet apart and Shoppers will stand back from Checkout table during the checkout process. Checkout stations will be cleaned between each transaction.

PUBLIC SHOPPING

Even though YOU get to shop the Presale, we want you to know what we have in store during public shopping times so you can tell others about shopping at JBF. During our public shopping hours, we will operate similarly to the Presale Shopping described above.

- We ask that all Shoppers wear a mask. We will encourage public shoppers to come without children if possible. All children will need to wear a mask. (Covered infants carried or in strollers are okay).
- Tickets will be required and numbers in the building will be limited in order to maintain social distancing.

SORTING UNSOLD ITEMS

We STRONGLY recommend donating unsold items after the upcoming sale. Helpers during Sort will be required to wear a mask.

PICKING UP UNSOLD ITEMS

You must wear a mask during Pick Up. You will enter the building, gather your items and exit as quickly as possible. Sorting items and repacking bins will not be permitted - please plan to sort and repack at home.
